### Continuing Student

Continuing students must have attended within the past year.

## Program Changes During Late Add Period

### Registration With Late Add Codes

**No course may be added after the late registration period. Check WebAdvisor for summer class registration deadlines.**

An instructor's approval is required to register in a class that has reached maximum enrollment or on the first day of class. First priority for late adds will go to students on the wait lists. Late registration may be processed as follows:

- By Web— Go to [www.losmedanos.edu](http://www.losmedanos.edu) and log in to WebAdvisor. Select "Late Registration (using late add code)" and enter the course section number and late add code by the last day to add;

or

- In-Person—Bring late add code to the Admissions & Records Office or the Brentwood Center by the last day to add.

**Note:** Telephone Registration is no longer available.

## Drops/No Shows

Students who do not attend the first class meeting may be dropped by the instructor as a "no show." However, it is the student's responsibility to drop any class which he/she is not planning to attend. Failure to do so may result in an "F" grade and a debt on the student's account. Non-attendance does not dismiss the debt. Students must drop classes within refund deadlines to receive a refund.

**Since summer session is so short, the refund period may be the first day of the class, or the day before the first day. Please be sure you are aware of the deadlines for your class.**

Since drop deadlines will vary (with or without a refund) depending upon the length of the course, students should look on WebAdvisor under **My Class Schedule**.

Use this QR code to access the Registration link using your smart phone.

## Closed and Cancelled Classes

Any class may be closed to further registration when it reaches the maximum size. Additionally, if registration is insufficient in any class, it may be cancelled. For information regarding refunds for cancelled classes, see the refund policy.

## Outstanding Debts

If you have an outstanding debt on your record, you will be blocked from registration, from obtaining copies of academic transcripts, and/or receiving your diploma until all debts are cleared.

Enrollment fee and nonresident tuition debts may be paid at the Cashier's Office, the Admissions & Records Office or the Brentwood Center. Library or Child Study Center debts must be paid at the Cashier's Office.

## Residency

For purposes of establishing enrollment fees, students are identified as either residents or non-residents.

- **Residents:** those who have lived in California as legal residents for at least one year prior to the first day of a new semester and who can demonstrate intent to remain a California resident. Non-citizens who meet residency requirements and who desire to enroll as a California resident must provide documentation from USCIS.
- **Non-residents:** those who do not meet the California resident requirements. See page 6 regarding tuition for non-California residents.

## Nonresident Tuition Exemption

In 2001 the California legislature passed a law (AB 540) that exempts certain categories of students from paying nonresident tuition. To be eligible, you must have completed at least three years of high school and have graduated (or earned a high school equivalency) while living and attending school high in California.

If you believe you are eligible for this special exemption, submit the *California Nonresident Tuition Exemption Request* form to the Admissions & Records Office for review. The form is available online at [www.losmedanos.edu](http://www.losmedanos.edu) or at the Admissions & Records Office or Brentwood Center.

## SB 150 Nonresident Tuition Exemption

Concurrently enrolled students (high school students enrolled in college classes) who are classified as non-resident students for tuition purposes may be eligible for the SB150 waiver of non-resident tuition while still in high school. Students must be special admit part-time (enrolled in 11 units or less) students who currently reside in California and are attending high school in California. Students wishing to take advantage of this exemption should complete a residency reclassification form and attach a copy of high school transcripts showing current enrollment. Forms and attachments should be submitted to the Admissions & Records Office.

## Special Admit High School Students

Students who are 14 years of age and older or those who have completed the eighth grade or higher are eligible for concurrent enrollment as 'special admit' students. High school students may register in up to seven (7) units in fall and spring terms or five (5) units of college coursework in the summer with approval of their school principal and parent\*. With appropriate approvals, special admit students may register in advanced academic and vocational credit courses (degree applicable courses only).

Students 14 – 15 years of age and/or special admit students requesting to register in more than the unit limit are required to complete the online orientation. Signatures for approval must be submitted at the time of registration on an *Age Waiver Form or Unit Limit Waiver Form*.

\* Important Note: By giving consent, parents of concurrently enrolled high school students agree they understand that the college is an adult learning environment and students are expected to behave accordingly. Additionally, they understand that classes will be taught at the college level and the curriculum and college procedures will not be modified nor will other accommodations be made.

## Special Admit Enrollment Policies

Concurrently enrolled high school students may register in college courses with submission of a college application and proper approval forms on a space-available basis. Registration for high school students must be completed in-person on designated registration dates or anytime later (see registration dates on page 2). Required forms that must be submitted each term/semester: online college application, (if you have been away two semesters or longer) a Special Admit Enrollment form, and if applicable, an *Age Waiver Form or Unit Limit Waiver Form*.

Special admit students should bring documentation to verify prerequisites (if required) at the time of registration (see '**Prerequisite/Advisories**' next column). Note that registration in English and some math classes require completion of the LMC assessment test prior to registration. Students can sign up online at [www.losmedanos.edu](http://www.losmedanos.edu) for a testing appointment.\*

\* *Pittsburg Assessment- CC2-256 (2nd level)*  
*Brentwood Assessment- Brentwood Center, Rm 11*

## Special Admit Orientation

Students 14 – 15 years of age or high school students wishing to appeal the unit limit must participate in a special admit orientation and request approval from a manager. View the orientation online at [www.losmedanos.edu/orientation](http://www.losmedanos.edu/orientation). Print a "Certificate of Completion" at the end of the orientation and bring all the forms to Admissions & Records to request approval.

## Open Course Policy

Every course is open for registration to any person admitted to the college who meets the course prerequisites and enrollment procedures.

**All courses are offered for college credit; auditing is not permitted.**

## Duplicate or Conflicting Courses

Students are not permitted to register in more than one section of the same course and may not register in courses that have scheduled meeting times which conflict.

## Prerequisites/Advisories

**Note:** Some courses have prerequisites or advisories included with the course description. These are designated to assist students in the selection of course levels for their maximum success.

**Important:** To ensure proper placement, prerequisites for all classes will be checked at the time of registration. If you have taken a prerequisite course at an institution other than LMC, you should request to have an official transcript sent to the LMC Admissions & Records Office prior to registration or bring a transcript with you for purposes of verification.

Prerequisites may be challenged through the end of the **fifth** business day of the term. Prerequisite Challenge forms are available through the Admissions & Records Office at the Pittsburg campus only. Students must provide sufficient documentation to substantiate satisfaction of the prerequisite by other means. Once accepted, the student will be conditionally enrolled and the department chair will review the student's request. If approved, the student will remain in the class; if denied, the student will be dropped from the class for lack of prerequisite and enrollment fees will be refunded.

References to "successful completion" implies with a grade of 'C' or better. Courses in progress outside the district will not be accepted as prerequisites. Advisories are recommendations only and need not be verified.

## Wait List

Once courses with a wait list fill to their maximum capacity, you have the option to add your name to a priority listing in the event drops should occur or the instructor agrees to add late enrollees (at the first class meeting).

### Important Wait List Details

1. All corequisites or prerequisites must be met before being placed on a wait list.
2. Once you have added your name to a wait list, you can check your status (i. e. you are now # 2 of 5 students on the list) by going into "Manage My Waitlist" on WebAdvisor. **You should check your status on WebAdvisor frequently to**

allow yourself the maximum amount of time to register, in the event permission is granted prior to the start of instruction (includes weekends and holidays).

3. If space becomes available in your wait list course, you will receive notification to your Insite email account that permission has been granted to register. The message will be sent by email or you can access the information by checking "Manage My Wait List". **All wait list notifications will be sent to the student's college email account. Please check it frequently if you are on a wait list.**
4. Once permission is granted, you will have three (3) calendar days to register in the class via WebAdvisor (or in-person). **After three days, if you have not registered in the class, your name will be removed from the wait list** and the next student on the list will be notified that he/she is eligible to fill the open seat. Once your name is removed from the list, you no longer have priority status.
5. If you are on a wait list at the start of instruction, you must attend the first class meeting to see if there is space available for late enrollment. If you do not attend the first class, you lose your place on the priority listing and another student may be added instead.

**If approved, the instructor will give you a unique late-add code. The code must be entered on WebAdvisor by the end of the late registration period. Your registration is not complete until your add code is processed.**

*Please note: Beginning with the first day of instruction, the option to have your name placed on a wait list is no longer available.*

## Transfer of Credit

If you have previous college experience and would like to transfer other college credit to LMC, you must request an official college transcript to be sent to the LMC Admissions & Records Office (Note: not required if prior coursework is within the CCCCD.) Your previous coursework will then be evaluated for prerequisite course information. A full evaluation will be completed as needed for counseling appointments or with submission of a Petition to Graduate. Students may also request an evaluation by using the form online.

## EFFECTIVE FALL 2014

the State will begin mandating enrollment priorities as follows

- Veterans, Foster Youth, DSPS, EOPS and CalWorks will receive the first priority
- Continuing students will maintain the current registration appointment system
- New students who have completed assessment, orientation and an educational plan will receive a priority registration appointment
- All categories of students with priority registration status will lose their registration priority if they exceed 100 units or have two consecutive semesters on probation

## Veterans Benefits

Priority registration appointments are available by request to active military personnel and to honorably discharged veterans. Information on veterans benefits is available in the Admissions & Records Office, Room 821 or at [www.losmedanos.edu/veterans](http://www.losmedanos.edu/veterans).

# BOGFW

## WHAT'S A BOGFW?

A BOGFW, officially called the "Board of Governors Fee Waiver", is a waiver of enrollment fees provided by the State of California for students who have been California residents for more than one year. Students who are required to pay non-resident tuition or do not meet citizenship requirements do not qualify. There are three ways to qualify for a BOGFW. You only need to be eligible for one.

## PLAN AHEAD!

Do not wait to apply until you want to register. Processing time for BOGFW A & B is three (3) business days. The BOGFW C can take up to six (6) weeks. We highly recommend that students apply online: [www.losmedanos.edu/financialaid/apps.asp](http://www.losmedanos.edu/financialaid/apps.asp) to expedite the process.

## WHAT HAPPENS IF I RECEIVE A BOGFW?

You will be notified of your BOGFW eligibility by award letter. You may also check your eligibility on WebAdvisor. If you are eligible for a BOGFW A, B, or C, your per-unit enrollment fees are waived, regardless of how many classes you enroll in. All other fees charged (i.e., Student Union and Parking) remain your responsibility to pay. If you have already paid your enrollment fees and qualify for a BOGFW, you will receive a refund of these fees. Refund checks are automatically calculated and mailed to all students. **BOGFW recipients may qualify for discounted parking if BOGFW is applied before purchasing parking.**

**You only need to apply once per academic year.**

*Applications are due no later than the last day of the semester for which you are applying.*

### **BOGFW APPLICATIONS THAT ARE NOT COMPLETE OR ACCURATE WILL NOT BE PROCESSED.**

The Student Transfer Achievement Reform Act (Senate Bill 1440, now codified in California Education Code sections 66746-66749) guarantees admission to a California State University (CSU) campus for any community college student who completes an "associate degree for transfer", a newly established variation of the associate degrees traditionally offered at a California community college. The associate in arts for transfer (AA-T) or the associate in science for transfer (AS-T) is intended for students who plan to complete a bachelor's degree in a similar major at a CSU campus. Students completing these degrees (AA-T or AS-T) are guaranteed admission to the CSU system, but not to a particular campus or major. In order to earn one of these degrees, students must complete a minimum of 60 required semester units of CSU-transferable coursework with a minimum GPA of 2.0. Students transferring to a CSU campus that does accept the AA-T or AS-T will be required to complete no more than 60 units after transfer to earn a bachelor's degree (unless the major is a designated "high-unit" major). This degree may not be the best option for students intending to transfer to a particular CSU campus or to university or college that is not part of the CSU system. Students should consult with a counselor when planning to complete the degree for more information on university admission and transfer requirements.

For more information, please see a counselor or visit [www.losmedanos.edu](http://www.losmedanos.edu).

# Summer Online Courses

New to online classes? Not that experienced with computers and the Internet?

We highly recommend going through these two steps by going to: [www.losmedanos.edu/onlineclasses](http://www.losmedanos.edu/onlineclasses)

1.

- a. **Are you ready for an online class?**  
Take a quiz to see if an online course fits your needs. Check to make sure you have the computer skills you'll need to succeed.
- b. **Is your computer ready?**  
Make sure your computer and Internet connection are up to speed.

- c. **Find online classes**  
Search for just online classes – find out more about each class, including contact info for the instructor and textbook info for most courses.
- d. **Get started**  
Use the step-by-step instructions for accessing your online classroom. Find all of this and more at: [www.losmedanos.edu/onlineclasses](http://www.losmedanos.edu/onlineclasses).

2.

**Some things to know about online classes at LMC**

- a. Get to your online classroom at [www.losmedanos.edu/onlineclasses](http://www.losmedanos.edu/onlineclasses).
- b. Your username and initial password are the same as for Web Advisor.
- c. Online courses begin the first day of class. Your online classroom will not be accessible before that date.

- d. Check to see if the instructor for your class has any special instructions or information by going to [www.losmedanos.edu/onlineclasses](http://www.losmedanos.edu/onlineclasses) and using the drop down menu to find out more (example: select English to see all online English courses, then scroll down to read more about your specific class).

Paris is as much a state of mind as a beautiful city. From the middle of the seventeenth century until the present day, Paris has been one of the world's most important arenas of artistic and intellectual achievement. But in the years between 1890 and 1950, more astonishing changes in Western lifestyles occurred in any other comparable time frame, and the artists and intellectuals living in Paris during those years effected revolutions in perception and thought that continue to reverberate strongly in our own age. In order to understand our present time, we must go back a century and learn what modernism was, how it was expressed, and by whom. LR

# Academic Scholarship Standards

## Attendance

Students are expected to be punctual and attend all courses in which they are enrolled. Students may be dropped by the instructor for failure to attend class in the following circumstances:

1. Failure to attend first class meeting.
2. Absence from three consecutive weeks of instruction.
3. At any point when it is concluded that absences have irretrievably affected the student's progress in his/her coursework.

Grades should not be used as punishment for absences. However, academic grades may be lowered to the degree that instructors can estimate the loss of cognitive, affective, or skills learning due to student absences.

## Grading

The evaluation in college-level courses is a prime responsibility of the instructor. Such evaluation involves the measurements of achievement against the objectives of the course and the assignment of a letter grade to denote the student's degree of success.

The grade, as submitted by the instructor, shall be considered final and permanent. Grades cannot be changed by submitting additional course work or taking examinations after the semester (or term) is completed. Under state law, the instructor's determination is final unless the grade given was the result of 1) mistake, 2) fraud, 3) bad faith, or 4) incompetency. (Ed. Code Section 76224.)

No grade may be challenged more than one year after the end of the session in which the grade was assigned. For information on the policy regarding grade challenges, contact the Office of Student Life, GA Building.

## Final Grades

Final grades can be accessed at the end of instruction, immediately following instructor grade entry on-line.

Students can obtain their final grades by going into inSite/WebAdvisor via the LMC web site at [www.losmedanos.edu](http://www.losmedanos.edu).

## Evaluative Symbols Grading Scale

Symbol & Definition	Grade Points
<b>A</b> Excellent	4
<b>B</b> Good	3
<b>C</b> Satisfactory	2
<b>D</b> Passing, less than satisfactory	1
<b>F</b> Failing	0
<b>P</b> Pass (at least satisfactory—C or better — units awarded not counted in GPA)	
<b>NP</b> No Pass (less than satisfactory or failing —units not counted in GPA)	

**W** Indicates withdrawal from a course within the allowed time

**MW** Military Withdrawal occurs when a student who is a member of an active or reserve United States military service receives orders compelling a withdrawal from courses.

**I** Incomplete—Academic work that is incomplete for unforeseeable emergency and justifiable reasons at the end of a term; student must be passing course to be eligible for incomplete. Student will not re-enroll in the course to complete pending assignments, projects or exams. A final grade is assigned when the work has been completed or after one year.

## Pass/No-Pass Grade Option:

The purpose of the Pass/No Pass (P/NP) option is to allow students to take challenging courses while avoiding undue concern for their grade point averages. Students who select this option are, however, expected to complete the course, comply with attendance requirements, and comply with all other requirements of the course.

Selected courses have been labeled with (Student Choice) "SC" to indicate student choice for the 'P/NP' option. If students do not choose the 'P/NP' option before the deadline, they will be issued a letter grade for the course. It is often best to discuss this choice with a counselor.

In order to exercise this option, a petition must be filed with the Admissions and Records Office at the time of registration or no later than the deadline. Petitions for summer session and short-term courses must be filed within the first thirty percent of the course. **After the deadline has passed, the grading choice may not be reversed.**

## Important P/NP information:

- A 'P' grade represents a letter grade of A, B, or C
- An 'NP' grade represents a letter grade of D or F
- Units earned on a 'P/NP' basis will not be used to calculate grade point averages
- Units attempted for which 'NP' is recorded will be considered in factoring probation and dismissal status
- Units earned on a 'P/NP' basis will apply to the 60 units required for an associate degree
- Students should be aware that other colleges and universities may or may not limit the number of 'P' units that will be accepted from transfer students.

## Probation & Dismissal

Probation and dismissal status is based on coursework that is attempted and completed within the Contra Costa Community College District. Students should be aware that their academic standing is not based solely on LMC units.

**Academic Probation:** Cumulative GPA under 2.0 with 12 or more cumulative units attempted.

**Removal from Academic Probation:** Cumulative GPA 2.0 or better.

**Academic Dismissal Status:** Three consecutive semesters of Academic Probation unless most recent semester GPA is 2.0 or higher.

**Progress Probation:** With 12 or more cumulative units completed, 50 percent or more are W, I, and/ or NP.

**Removal from Progress Probation:** Cumulative units completed are more than 50 percent of cumulative units attempted.

**Progress Dismissal Status:** Three consecutive semesters of Progress Probation unless most recent semester student completes 50 percent or more of attempted units.

## Course Repetition

Courses are not repeatable unless noted within the course descriptions listed in the catalog. Students may repeat a non-repeatable course only to alleviate a substandard grade of D, F or NC/NP.

Students are limited to enrolling in credit classes a maximum of three times. This includes students earning substandard grades or dropping with a “W.” Students will be notified upon registration, if they are enrolling for a second time. Students enrolling for a third time will be blocked from registration and required to submit a petition to repeat. Students are urged to manage course load and be aware of the number of enrollments for a specific course. Carefully consider dropping courses and understand all deadlines. Take advantage of tutoring and other support services to achieve successful completion of all courses.

When a course is repeated to alleviate a substandard grade, the previous grade will be disregarded in computing the student’s grade point average. The substandard grade will remain on the student’s transcript with a notation that the course has been repeated.

Courses that are repeatable are noted in the college catalog with the number of repeats allowed. Students may not repeat a course beyond the maximum repeats, even to alleviate substandard grades. All grades will count for repeatable courses.

Courses of similar content will be placed in “families”. Students cannot repeat individual courses within a family and the maximum enrollments within a family will be 4.

Course repetition cannot be used to make up an incomplete ‘I’ grade.

## Withdrawals

- Students who have documented extenuating circumstances such as accidents, illness or other circumstances beyond the control of the student, may petition for a withdrawal after the 75 percent of the term.
- A ‘W’ shall not be assigned if the student withdraws due to the impact of fire, flood or other extraordinary conditions (petition required).
- In the case of discriminatory treatment or retaliation for discriminatory treatment a ‘W’ shall not be assigned.
- Active or reserve military students who receive orders compelling a withdrawal from courses may apply for a military withdrawal which shall not be counted in the limit of withdrawals or progress probation.

## Repeat of Biology Courses

Students who have received two substandard grades or ‘W’s or any combination in the same Biology 40, 45 or 50 course will be blocked from future enrollment in that course. Students may appeal the policy using the *Petition for Course Repetition* form.

## Academic Renewal Without Course Repetition

Based on the Academic Renewal Policy, substandard grades may be disregarded if they are not reflective of a student’s demonstrated academic ability. If Academic Renewal is approved, the student’s permanent record will be notated with appropriate comments and the substandard (D, F, NC/NP) unit values will not be computed in the cumulative grade point average. The *renewed* courses and the related grades will not be removed from the record, as the district is required to show a complete and accurate academic record for every student (Title 5, Section 55046).

Students **MUST** meet with a counselor to review options for Academic Renewal, as this procedure is irreversible.

1. The student may only utilize Academic Renewal one time in the district.
2. Only substandard grades may be renewed.
3. Immediately following the course work with substandard grades, the student must have completed at least 20 units\* with ‘C’ grades or better from LMC or any other accredited college or university. (\*The unit count begins the semester after the last substandard grade is received.)
4. Academic renewal may be applied for up to 24 units. District courses can be combined up to the maximum of 24 units however, each college must adjust the academic record for courses completed through that location. An Academic Renewal request form should be submitted for each college.
5. Courses/related grades that have already been removed from the cumulative grade point average based on course repetition will not be renewed.
6. There is no time limit for academic renewal.

# NEW TRANSFER DEGREES NOW AT LMC

## Are you aware of our new transfer degrees?

**LMC has 13 new degrees especially designed for those who are seeking to transfer to a California State University (CSU) campus.**

- |   |  |   |
|---|--|---|
| • Associate in Science<br><b>Administration of Justice</b> (AS-T) | • Associate in Arts<br><b>English</b> (AA-T)     | • Associate in Science<br><b>Physics</b> (AS-T)   |

The Student Transfer Achievement Reform Act (Senate Bill 1440, now codified in California Education Code sections 66746-66749) guarantees admission to a California State University (CSU) campus for any community college student who completes an "associate degree for transfer", a newly established variation of the associate degrees traditionally offered at a California community college. The associate in arts for transfer (AA-T) or the associate in science for transfer (AS-T) is intended for students who plan to complete a bachelor's degree in a similar major at a CSU campus. Students completing these degrees (AA-T or AS-T) are guaranteed admission to the CSU system, but not to a particular campus or major. In order to earn one of these degrees, students must complete a minimum of 60 required semester units of CSU-transferable coursework with a minimum GPA of 2.0. Students transferring to a CSU campus that does accept the AA-T or AS-T will be required to complete no more than 60 units after transfer to earn a bachelor's degree (unless the major is a designated "high-unit" major). This degree may not be the best option for students intending to transfer to a particular CSU campus or to university or college that is not part of the CSU system. Students should consult with a counselor when planning to complete the degree for more information on university admission and transfer requirements.

For more information, please see a counselor or visit [www.losmedanos.edu](http://www.losmedanos.edu).

# College Parking Information

**Parking:** All vehicles parked on the Pittsburg campus, whether in a parking lot, dirt lot or perimeter road (Miwok Way and Los Medanos Drive) must have a valid parking permit. Be aware that there are specified student parking areas and faculty/staff parking areas. Students who park in faculty/staff spaces will be ticketed. These defined areas are indicated on the campus map, which may be picked up at the information booth located in Parking Lot A or at Police Services, located on the bottom level of the College Complex building.

**Fees:** Students may purchase a parking permit, valid for one semester. The cost is \$20.00 for automobiles and \$10.00 for motorcycles or mopeds. Summer parking permits are required during the summer term. Full-term permits can now be purchased online through WebAdvisor. **Permits are no longer available for purchase on campus.** If you prefer to pay cash for your permit, you can order it on the computer kiosk outside of the Cashier's Office and then pay at the Cashier's window. EOPS students can order their permits at the kiosk located in the EOPS Office.

Upon payment, you will be emailed a 15-day temporary parking permit than can be printed out and used until the permanent parking permit arrives at your home in two to three business days. Your permit is valid at any campus parking lot in the district. Daily parking permits may be purchased from the yellow

ticket vending machines for \$3.00. These machines are located in Lot A, Lot 1A, Lot B, Lot C and the perimeter road adjacent to the softball fields.

**Disabled Parking** Special parking spaces are designated for disabled persons who have a DMV placard. Disabled persons with permits may park in any legal space on campus. The van accessible spaces are for wheelchair persons only.

**Enforcement** Parking regulations are enforced 7:00 am Monday through 5:00 pm on Friday. After 5:00 pm daily, students may park in the staff parking spaces in lot A and C. Parking regulations are not enforced on weekends or holidays. Meters are enforced at all times.

**Payment of fines** Citations for parking violations are issued by the Campus Police. Payment of fines must be made to:
