Program Changes During Late Add Period

No course may be added after the end of the late registration period. Check with course instructors or the Admissions Office for summer registration timelines.

An instructor's approval is required to enroll in a class that has reached maximum enrollment or has already started. First priority for late adds will go to students on the wait lists. Late registration may be processed one of three ways:

- By Web— Go to www.losmedanos.edu and log in to WebAdvisor. Select "Express Registration" and enter the course section number and late add code; or
- By Phone— Call the phone registration system at 925-370-9000; follow the voice prompt and enter the course section number and late add code; or
- In-Person—Bring late add code to the Admissions Office or the Brentwood Center by the last day to add. Fees are due at the time of registration.

Course enrollment is not complete until the add information is processed and the enrollment fee is paid.

Drops/No Shows

Students who do not attend the first class meeting may be dropped by the instructor as a "no show." However, it is the student's responsibility to drop any class which he/she is not planning to attend. Failure to do so may result in an 'F' grade and a debt on the student's fee account. Non-attendance does not dismiss the debt. Students must drop classes within refund deadlines to receive a refund. Since summer session is so short, the refund period may be the first day of class. Please be sure you are aware of the deadline for your class.

Since drop deadlines will vary (with or without a refund) depending upon the length of the course, students should inquire in the Admissions & Records Office about these timelines or ask the course instructor.

Closed and Cancelled Classes

Any class may be closed to further enrollment when it reaches the maximum size. Additionally, if enrollment is insufficient in any class, it may be cancelled. For information regarding refunds for cancelled classes, see the refund policy.

Outstanding Debts

If you have an outstanding debt on your record, you will be blocked from registration, from obtaining copies of academic transcripts, and/or receiving your diploma until all debts are cleared. Enrollment fee and nonresident tuition debts may be paid at the Cashier's Office, the Admissions &

Records Office or the Brentwood Center. Library or Child Study Center debts must be paid in the Cashier's Office.

Residency

For purposes of establishing tuition fees, students are identified as either residents or non-residents.

- Residents: those who have lived in California as legal residents for at least one year prior to the first day of a new semester and who can demonstrate intent to remain a California resident. Non-citizens who meet residency requirements and who desire to enroll as a California resident must provide documentation from the U.S. Citizenship and Immigration Services.
- Non-residents: those who do not meet the California resident requirements. See page 6 regarding tuition for non-California residents.

Nonresident Tuition Exemption

In 2001, the California legislature passed a law (AB 540) that exempts certain categories of students from paying nonresident tuition. To be eligible, you must have completed at least three years of high school and have graduated (or earned a high school equivalency) while living and attending school in California.

If you feel you are eligible for this special exemption, submit the *California Nonresident Tuition Exemption Request* form to the Admissions & Records Office for review. The form is available online at www.losmedanos.edu or in the Admissions & Records Office.

Special Admit High School Students

Students who are 14 years of age or older or those who have completed the eighth grade or higher are eligible for concurrent enrollment as 'special admit' students. High school students may enroll in up to seven (7) units in Fall and Spring terms or five (5) units of college coursework in the summer with approval of their school principal and parent*. With appropriate approvals, special admit students may enroll in advanced academic and vocational credit courses (degree applicable courses only).

Students 14 – 15 years of age and/or special admit students requesting to enroll in more than the unit limit are required to complete the online orientation. Signatures for approval must be submitted at the time of enrollment on an *Age Waiver Form* or *Unit Limit Waiver Form*.

* Important Note: By giving consent, parents of concurrently enrolled high school students agree they understand that the college is an adult learning environment and students are expected to behave accordingly. Additionally, they understand that classes will be taught at the college level and the curriculum and college procedures will not be modified nor will other accommodations be made.

Special Admit High School Student Enrollment

Concurrently enrolled high school students may enroll in college courses on a space-available basis with authorization of their high school principal or designee. High school students are encouraged to submit the college application online. A Special Admit Enrollment Form, and, if applicable, a Unit Limit Waiver Form or Age Waiver Form are required in order to register. An Application for Admission is not required for high school students who were enrolled at Los Medanos College in Summer 2009, Fall 2009 or Spring 2010.

High school students must register in person on or after designated enrollment dates (see page 2), bringing all required forms with signatures.

Special Admit students should bring documentation to verify prerequisites (if required) at the time of registration (see 'Prerequisite/Advisories' below). Note that enrollment in English and some Math classes requires completion of the LMC assessment test prior to registration. Arrangements can be made through the Assessment Center, Room CC3-524 (on Level 3) or call 925-439-2181, ext. 3252.

Special Admit Orientation

Students 14 – 15 years of age or high school students wishing to appeal the unit limit must participate in a special admit orientation and request approval from an instructional dean. View the orientation on the college web site (www.losmedanos.edu). Print a "Certificate of Completion" at the end of the orientation and arrange to meet with an instructional dean to request enrollment approval.

Open Course Policy

Every course is open for enrollment to any person admitted to the college who meets the course prerequisites and enrollment procedures.

All courses are offered for college credit; auditing is not permitted. (Enrollment is required).

Duplicate or Conflicting Courses

Students are not permitted to enroll in more than one section of the same course and may not enroll in courses that have scheduled meeting times which conflict.

Prerequisites/Advisories

Some courses have prerequisites or advisories included with the course description. These are designated to assist students in selection of course levels for their maximum success.

Important: To ensure proper placement, prerequisites for all classes will be checked at the time of registration. If you have taken a prerequisite course at an institution other than LMC, you should request to have an official transcript sent to the LMC Admissions & Records Office prior to registration or bring a transcript with you for purposes of verification.

Prerequisites may be challenged through the last date to add for summer classes. Challenge forms are available through the Admissions & Records Office or the Brentwood Center. A student may be conditionally enrolled in a course upon submission of a completed challenge form. If the challenge is denied, the student will be dropped from the class and the enrollment fee will be refunded.

References to "successful completion" implies with a grade of 'C' or better. Advisories are recommendations only and need not be verified.

Wait List

Students can place themselves on a wait list for closed classes. Once courses with a wait list fill to their maximum capacity, you have the option to add your name to a priority listing, in the event drops should occur or the instructor agrees to add late enrollees (at the first class meeting).

Important Wait List Details

1. All corequisites or prerequisites must be met before being placed on a wait list.
2. Once you have added your name to a wait list, you can check your status (ie: you are now number 2 of 5 students on the list) by going into "Manage my Wait List" on WebAdvisor. You should check your status on WebAdvisor frequently, to allow yourself the maximum amount of time to enroll, in the event permission is granted prior to the start of instruction (includes weekends and holidays).
3. If space becomes available in your wait list course, you will receive email notification that the space is being reserved for you. It is important that the Admissions Office has your current email address on file.
4. Once permission is granted, you will have five calendar days to enroll in the class, via WebAdvisor or by the phone registration system (or in person). After five days, if you have not enrolled in the class, your name will be removed from the wait list and the next student on the list will be notified of eligibility to fill the open seat. Once your name is removed from the list, you no longer have priority status.
5. If you are on a wait list at the start of instruction, you must attend the first class meeting to see if there is space available for

late enrollment. The instructor may approve your enrollment by giving you a unique late-add code, which you can use to register on WebAdvisor or by telephone up to the end of the late registration period. Your registration is not complete until your late-add code is processed and enrollment fees are paid. If you do not attend the first class meeting, you will lose your place on the wait list and another student may be added instead.

Please note:

Beginning with the first day of instruction, the option to have your name placed on a wait list is no longer available.

Student Status

New Student

You are a new student if you have never enrolled in classes at any college.

New Transfer

You are a new transfer if you have attended another college, but have never been enrolled at LMC.

Your previous coursework will then be evaluated for prerequisite and equivalent course information. A full evaluation will be completed as needed for counseling appointments or with submission of Petition to Graduate.

Veterans Benefits

Information on veterans benefits is available in the Admissions Office, Room 401, ext. 7500.

Accuracy and Revisions

Courses are subject to change for reasons related to student enrollment, level of financial support, or for any other reason at the discretion of the Contra Costa Community College District and the College. The District and the College further reserve the right to add to, amend or repeal any of their rules, regulations, policies, and procedures consistent with applicable laws. At the time of publication, the fees described in the schedule are accurate. However, at any time, local or state mandated fees may be imposed or increased.

Add and Drop Deadlines For Summer Classes

Add, drop and refund deadlines will vary for summer and other short-term classes depending upon the number of class meeting days. For specific add and drop dates, consult the course instructor or inquire in the Admissions & Records Office or the Brentwood Center. For refund deadlines, contact the Cashier's Office. In general, deadline dates for summer and other short-term classes are determined as follows:

Last date to add

= 10% of the class meetings

Last date to drop with a refund

= 10% of the class meetings

Last date to petition for P/NP

= 30% of the class meetings

Last date to drop with no 'W' on record

= 30% of the class meetings

Last date to drop with a 'W'

= 75% of the class meetings

Reminder: To receive a refund for a summer course, students must drop the course within 10% of the total class meetings, which in most cases is the first class meeting.

For more information

For financial aid information, call 925-439-2181, ext. 3139 or visit the Office of Financial Aid, Room CC3 431. You may also access your status on **WebAdvisor** by visiting the college web site at www.losmedanos.edu. Click on **WebAdvisor**. To view your status by clicking on **"Financial Aid Status By Term or Year"**.

Important Note: You will NOT be automatically dropped from classes based on nonattendance or non-payment of fees. Failure to drop your course may result in a failing grade and a debt on your record.

All outstanding debts must be paid in full. Unpaid debts will result in a registration and transcript hold on student records.

Student Fee Refund Information

Student Fee and Enrollment Refund

Fee refunds for students who withdraw from school or drop classes by the deadline for class add/drop will be automatically calculated at the District Information Technology Center. Refunds for complete or partial withdrawals from school will be processed after the first two weeks of instruction. Refund checks will be mailed to the student's address on file in the college Admissions Office. If the student paid by credit card on Web registration, the refund will be processed as a credit to the credit card.

If you have a new address, please notify the Admissions Office at the time of withdrawal or change of program.

A refund will not be made if the student has other outstanding debts to the college. Refund checks will be issued monthly after the first two weeks of instruction each semester. No refund of the enrollment fee will be made to any student who withdraws from classes after 10% of the length of the courses.

The *Student Union Fee* refund policy is identical to the refund policy for enrollment fees.

Students who register early for the Summer 2010 semester and subsequently drop all classes prior to the beginning of the semester may petition for an early refund at the Cashiers Office.

Parking Permit Refunds

Parking permit refunds will be made if the student drops all classes by 10% of the length of the courses. Lost or stolen parking permits are not refundable.

Financial Aid Enrollment Fee Refunds

If subsequent to paying enrollment fees, a student becomes eligible for financial aid and receives an enrollment fee waiver, the student will automatically be mailed a full refund check or a credit card credit will be issued according to the same refund processing cycle as enrollment fee refunds.

Enrollment Fee Deferments

If subsequent to paying enrollment fees, a student becomes eligible for an enrollment fee deferment to an outside agency, the student should have the document stating the deferment submitted to the Cashiers Office. The student will then automatically be mailed a refund check of the deferred fees or a credit card credit within two weeks after the outside agency has been billed.

Further details regarding the refund policy are available from the Cashiers Office or Admissions Office.

Board of Governors Fee Waiver

All California residents are encouraged to apply for a State-funded Board of Governors Fee Waiver (BOGW) that waives or refunds their enrollment fees.

Students who complete the FAFSA (Free Application for Federal Student Aid) will automatically be considered for the Board of Governors Waiver.

If you want only your fees waived or refunded, you can complete the shorter Board of Governors Waiver (BOGW) form online or on paper.

Students will be considered for one of the fee waivers as follows:

BOGW – A: You or your family are receiving public assistance from CalWORKs/Temporary Assistance for Needy Families (TANF), or Supplemental Security Income (SSI), or General Assistance/General Relief, or have certification from the California Department of Veterans Affairs that you are eligible for a dependent's fee waiver.

BOGW – B: You must meet the following income criteria for the 2010-2011 academic year:

Family Size	2009 Income

The Western world in which we live today is a product of the past we share. The Medieval and Renaissance periods bring to mind images of kings, knights, popes, monks, castles, cathedrals and great art, but they are so much more than these. They mark the process by which people like ourselves struggled with the same issues that confront us today, but with demon-haunted imaginations and hearts that yearned for God. Join us, as we seek to understand their struggles to integrate faith with reason, power with honor and leadership with loyalty, based in the voices of the great writers of the era. Attendance

Students are expected to be on time and attend all courses in which they are enrolled. Students may be dropped by the instructor for failure to attend class in the following circumstances:

1. Failure to attend first class meeting.
2. Absence from three consecutive class meetings.
3. At any point when it is concluded that absences have irretrievably affected the student's progress in his/her coursework.

Grades should not be used as punishment for absences. However, academic grades may be lowered to the degree that instructors can estimate the loss of cognitive, affective, or skills learning due to student absences.

Grading

The evaluation in college-level courses is a prime responsibility of the instructor. Such evaluation involves the measurements of achievement against the objectives of the course and the assignment of a letter grade to denote the student's degree of success.

The grade, as submitted by the instructor, shall be considered final and permanent. Grades cannot be changed by submitting additional course work or taking examinations after the semester (or term) is completed. Under state law, the instructor's determination is final unless the grade given was the result of 1) mistake, 2) fraud, 3) bad faith, or 4) incompetency. (Ed Code Section 76224.)

No grade may be challenged more than one year after the end of the session in which the grade was assigned. For information on the policy regarding grade challenges, contact the Student Affairs Center, Room 800A, ext.3266.

I Incomplete—Academic work that is incomplete for unforeseeable emergency and justifiable reasons at the end of a term; student must be passing course to be eligible for incomplete. Student will not re-enroll in the course to complete pending assignments, projects or exams. A final grade is assigned when the work has been completed or after one year, unless a petition for time extension has been approved by the Director of Admissions and Records and the instructor.

Pass/No-Pass Grade Option:

The purpose of the Pass/No-Pass (P/NP) option is to allow students to take challenging courses while avoiding undue concern for their grade point averages. Students who select this option are, however, expected to complete the course, comply with attendance requirements, and comply with all other requirements of the course.

Selected courses have been labeled with “SC” to indicate student choice for the P/NP option. If students do not choose the P/NP option before the deadline, they will be issued a letter grade for the course. It is often best to discuss this choice with a counselor.

A petition must be filed with the Admissions and Records Office at the time of registration or within the first thirty percent of the course. **After the deadline has passed, the grading choice may not be reversed.**

Important P/NP information:

- A P grade represents a letter grade of A, B, or C
- A NP grade represents a letter grade of D or F
- Units earned on a P/NP basis will not be used to calculate grade point averages
- Units attempted for which NP is recorded will be considered in factoring probation and dismissal status
- Units earned on a P/NP basis will apply to the 60 units required for an associate degree
- Students should be aware that other colleges and universities may or may not limit the number of P units that will be accepted from transfer students.

Probation & Dismissal

Probation and dismissal status is based on coursework that is attempted and completed within the Contra Costa Community College District. Students should be aware that their academic standing is not based solely on LMC units.

Academic Probation: Cumulative GPA under 2.0 with 12 or more cumulative units attempted.

Removal from Academic Probation: Cumulative GPA 2.0 or better.

Academic Dismissal Status: Three consecutive semesters of Academic Probation unless most recent semester GPA is 2.0 or higher.

Progress Probation: With 12 or more cumulative units completed, 50 percent or more are W, I, and/or NP.

Removal from Progress Probation: Cumulative units completed are more than 50 percent of cumulative units attempted.

Progress Dismissal Status: Three consecutive semesters of Progress Probation unless most recent semester student completes 50 percent or more of attempted units.

Course Repetition

Courses are not repeatable unless noted within the course descriptions listed in the catalog. Students may repeat a non-repeatable course only to alleviate a substandard grade of D, F or NC/NP. If a student has three substandard grades in the same course, he/she may not repeat the course unless there has been a significant lapse of time or extenuating circumstances (petition required).

When a course is repeated to alleviate a substandard grade, the highest grade and its units will be used in computing the student's grade point average. The substandard grade will remain on the student's transcript with a notation that the course has been repeated.

Courses that are repeatable are noted in the college catalog with the number of repeats allowed. Students may repeat a course beyond the maximum repeats to alleviate substandard grades. Only two substandard grades may be alleviated.

Course repetition cannot be used to make up an incomplete 'I' grade.

Withdrawals

- Students who have documented extenuating circumstances such as accidents, illness or other circumstances beyond the control of the student, may apply for a withdrawal after the 75 percent of the term.
- A student who has received 3 'W's will be required to submit a petition to repeat the course an additional time and will be required to see a counselor.
- A 'W' shall not be assigned if the student withdraws due to the impact of fire, flood or other extraordinary conditions.
- In the case of discriminatory treatment or retaliation for discriminatory treatment a 'W' shall not be assigned.
- Active or reserve military students who receive orders compelling a withdrawal from courses will receive a military withdrawal which shall not be counted in in the limit of withdrawals or progress probation.

Repeat of Biology Courses

Students who have received two substandard grades or 'W's or any combination in the same Biology 40, 45 or 50 course will be blocked from future enrollment in that course. Students may appeal the policy using the *Course Repetition Appeal Process* form.

Academic Renewal Without Course Repetition

Based on the Academic Renewal Policy, substandard grades may be disregarded if they are not reflective of a student's demonstrated academic ability. If Academic Renewal is approved, the student's permanent record will be notated with appropriate comments and the substandard (D, F, NC/NP) unit values will not be computed in the cumulative grade point average. The "renewed" courses and the related grades will not be removed from the record, as the district is required to show a complete and accurate academic record for every student (Title 5, Section 55046).

Students **MUST** meet with a counselor to review options for Academic Renewal, as this procedure is irreversible.

1. The student may only utilize Academic Renewal one time in the district.
2. Only substandard grades may be "renewed".
3. Immediately following the course work with substandard grades, the student must have completed at least 20 units* with 'C' grades or better from LMC or any other accredited college or university. (*The unit count begins the semester after the substandard grade is received.)
4. Academic renewal may be applied for up to 24 units. District courses can be combined up to the maximum of 24 units however, each college must adjust the academic record for courses completed through that location. An Academic Renewal request form should be submitted at each college.
5. Courses/related grades that have already been removed from the cumulative grade point average based on course repetition will not be "renewed."
6. There is no time limit for academic renewal.
